

## Overview

Road to IELTS is organised around the four test papers: Reading, Listening, Speaking and Writing. Each paper has four sections, and there is a Resource Bank with preparation materials for the IELTS test as a whole.

### 1. Starting Out

A video and ebook introduce each skill area, explaining task types and providing hints not only on how to prepare, but also on what the examiner is looking for, and how to achieve the best marks on test day.

### 2. Advice and Tutorials

In a series of videos, British Council experts give advice, both specific (e.g. skimming the first sentence in each paragraph in the Reading test) and general (e.g. dealing with nerves in the Speaking test).

### 3. Practice Zone

With more than 300 focused activities, candidates practise tackling the whole range of task types and familiarise themselves with the format of the test. Activities are interactive and many have feedback.

### 4. Test Practice

Candidates simulate the test experience with nine full mock tests in each of the Reading, Writing, and Listening papers (with answer keys), and nine simulations of Part 2 of the Speaking test.

### Resource Bank

#### Study Planner

This worksheet encourages candidates to reflect on their strengths and weaknesses and draw up intelligent plans for test preparation.

#### Candidate videos

In this series of British Council videos, successful candidates give advice on preparation strategies that worked for them

#### Study Guides

The five downloadable Study Guides cover the most common FAQs for each paper and for test preparation and test day itself.
